

San Juan County Utah Daily Information Report

Coronavirus (COVID-19)
March 18, 2020

Public Health: As of 03/18/2020 there are still no confirmed cases of COVID-19 in San Juan County. Southeastern Utah Health Department has issued an order disallowing hotel and short-stay rentals as well as camping to non-residents. San Juan Public Health has not taken such measures at this time, but will consider any measure necessary to protect the health of our residents. San Juan Public Health takes these issues very seriously, and weighing the benefits of allowing people to use RV's and camping as a way to social-distance against any additional risk that it may pose toward our county residents. We ask all members of our community to work together, follow current guidance, avoid unnecessary travel, and protect each other by stopping the spread of coronavirus. We are counting on YOU to do your part.

Clinics:

UNHS: Currently UNHS is conducting its 'Parking Lot Triage' system. Our intent is to screen patients outside of the facility who are experiencing; coughing, shortness of breath, or have a fever. UNHS recommends the following guidelines when visiting our clinics. These follow CDC and Department of Health guidance.

If you suspect you have the coronavirus (cough, high fever, trouble breathing AND a potential history of exposure), please call and notify us in advance so we can take precautions and possibly triage, check you in, and treat you without you entering the facility. In the next few days, we will begin virtual iPad check-in and virtual conversations with doctors for suspected cases. You'll then be able to use the Pharmacy drive-thru. The intent is to have the entire visit done from your car or outside the clinic.

If you are sick, please do not accompany a healthy patient for your visit, and do not enter the facility except to seek care for yourself or someone you are responsible for. Please avoid our facilities if you are healthy, including the Market Cafe in Montezuma Creek. There will be no visitors allowed to patients who have confirmed or possibly have COVID-19.

Wear a mask if you have a cough. Do not wear a mask if you feel healthy. Please wash your hands or use alcohol sanitizer before and after leaving a patient room, exam room, and the facility. UNHS (and all facilities) have a very limited number of tests. Your provider will determine whether or not a test is appropriate based on symptoms and travel history.

These guidelines are being put in place for the safety of you, our patients, caregivers, and community. Elderly are especially vulnerable. Teach them the latest information on social distancing and prevention. Here is a public service announcement explaining Covid-19, it's symptoms, and prevention in Navajo, have your grandparents listen to it.

Audio File given to Patient Transport Department to allow them to play the recording for their patients as they are transporting.

Hospitals:

San Juan Health: San Juan Health is encouraging our patients to consider telehealth clinical visits using HIPAA compliant Microsoft Teams application when appropriate; please call to discuss this option and support the CDC's guidelines on social distancing. SJH has implemented a restricted visitor policy, as of Monday, March 16th. Dietary services to the general public have been halted until further notice. SJH has implemented an Emergency Department triage protocol to establish safe workflows and to mitigate the spread of any potential COVID-19 cases. San Juan Health's (SJH) Infection Control and Medical Staff will continue to closely monitor the ongoing Coronavirus Disease 2019 (COVID-19) outbreak and implement new protocols in a timely manner.

Blue Mountain Hospital: Blue Mountain Hospital has no confirmed cases of COVID-19. BMH personnel are prepared for the possibility of receiving COVID-19 patients. BMH has implemented a restricted visitor policy and has stopped serving food to the public until further notice. BMH is monitoring and adhering to CDC guidelines. All non-essential meetings have been cancelled and other precautions are being taken. Staff and patient safety are the top priority. BMH will continue to monitor the situation as more information becomes available and take action as appropriate.

EMS: During this time you will see EMS respond with an increase of respiratory protecting masks or other protective gear to ensure your safety as well as the safety of the EMT's Please do not be alarmed by this. The EMS department will continue to follow all recommendations of the Utah Department of Health, San Juan County Health Department and the CDC to ensure the safety of the people who rely on our EMS Services. To help follow the guidelines of social distancing we will be cancelling all CPR classes and will not be scheduling classes until we feel it is safe to do so. Please note that if San Juan EMS gets overwhelmed with multiple calls our response times may be slower than normal.

Law Enforcement: The San Juan County Sheriff's Office is concerned and working on two fronts in dealing with Covid-19. The first front is the effort to keep jail staff and inmates healthy. This includes our very important dispatchers. The San Juan County Jail has suspended all visitations to the jail; all volunteers have also had their visits to the jail terminated. The jail has a plan to have an area available for quarantine if needed. The county jail has a backup plan to feed the inmates if we lose jail cooks to quarantine. We have tele-health capabilities set up and working so that inmates can see a medical doctor without leaving the facility for initial doctor visits. The corrections officers have access to protective equipment.

The second front is the law enforcement and public safety efforts. The patrol deputies are responding to law enforcement incidents. They have safety equipment if needed. We have currently cancelled trainings, except for the cadets we have in POST academy classes and we have encouraged deputies to follow all safety guidelines.

We are not doing fingerprinting for the public at this time at the sheriff's office.

County: All the libraries in San Juan County will be closed as of Saturday, March 21st. We will continue to offer curbside delivery for patrons who call in for items, but reserve the right to cancel this without notice.

We have implemented a **Notice to Visitors** due to recent public health concerns; it is recommended that visitors are able to answer “no” to all of the questions below before visiting our offices. Have you, or someone living in your household, someone you have been in close or frequent contact with, or someone you are caring for been diagnosed with COVID-19 (Coronavirus) or had any contact with a confirmed case of COVID-19? In the last 14 days, have you or someone living in your household, or someone you have been in close or frequent contact with, or someone you are caring for returned from, or made a travel connection through a CDC Level 3 or Level 2 country or State Department Level 3 or Level 4 country? Do you currently have or have you had within the last 24 hours, any cold or flu symptoms with a fever greater than 100.4 or acute respiratory distress (e.g., shortness of breath and coughing.)

If you need to do Vehicle Registration at this time we highly recommend utilizing online capabilities secure.utah.gov

There have been rumors about the Navajo Nation shutting down the highways. The Navajo Nation at this time has no plans to close roads. This information has been confirmed with the State of Utah Tribal Liaison/ARO Utah Department of Public Safety Division of Emergency Management for more information you can call the Navajo Nation Health Command Center at 928-871-7014.

Cities:

Blanding: Currently, the Blanding Visitor Center, Wellness Center, and Justice Court are closed temporarily due to COVID-19 and the earthquake in Salt Lake City. The City Office is open but we are asking residents to only visit in person if their issue is critical, time-sensitive, and must be done in person. City utilities are fully operational and we anticipate service delivery continuing uninterrupted. We will follow CDC and local and state health department recommendations in considering any future actions.

Bluff: The Bluff Town Council closed the Bluff Community Center and Fire Mesa Kitchen to all social events and rentals last week in anticipation of the state of emergency order. The Bluff Town Council is working with the Bluff Volunteer Fire Department, EMS and Business Owners of Bluff to ensure that communication lines remain open. There are currently 4 dine-in food services that remain open in Bluff and it is anticipated that they are, or will be, in compliance with the State Public Health Order.

Monticello: The City of Monticello continues to carefully monitor the status of the COVID 19 and its effects. We will continue to carefully follow all guidelines as issued by the CDC and State and County Departments of Health. Effectively immediately the Hideout Community Center will be not be open for rental or other public uses. This step has been taken to assure group meeting guidelines are followed and to protect the public, especially our senior population and their Center that is in the same building. Our Welcome Center is closed until further notice. All other city services will continue without interruption.

School District: Student, staff, and community safety is the number one priority for San Juan School District. In response to the Covid-19 pandemic we are adhering to all guidelines put out by the Center for Disease Control (CDC) and the Utah Department of Health. We will continue to closely monitor all developments and take appropriate action.

San Juan County Aging Department:

To go meals are still in place for the congregate meal and home delivered meals are still being delivered at this time. Clark's Market and Blue Mountain Foods have extended a special shopping hour every day for the seniors it is 7-8 am, San Juan Pharmacy and The Main Street Drug and Boutique are offering curbside pickup and free delivery in town for seniors. If you are a home bound senior and you are in need of groceries please contact your local senior center for assistance. La Sal 435-686-9990, Monticello 435-259-2656, Blanding 435-459-3179, Bluff 435-672-2390
